IMMERSIVE EXHIBITION

RRR

TIME OF THE DINOSAURS

AN EXHIBITION THAT TAKES YOU FROM WHEN TIME BEGAN
TO THE CATAclySM THAT ANNIHILATED THE MIGHTIEST
CREATURES EVER TO HAVE ROAMED THE EARTH.

ROAR

TRAVEL 65 MILLION YEARS BACK IN TIME!

Time of the Dinosaurs takes a totally new approach to the concept of dinosaur exhibitions. It has a clear, simple, ever-present story and timeline. Visitors understand from the beginning that they are about to enter a time loop and every zone, every panel, every movie across the exhibition follows the concept that is easy to follow for everyone, from age 3 to 103.

The animated dinosaurs are brand new, thus assuring the best possible and most thrilling dinosaur experience. The whole exhibition bathes in mystery and builds on the excitement of the fans.

A WALK AMONG THE GIANTS!

Technology enables the giant creatures to move and roar. Lots of different species are being presented to the public, including Triceratops, Brachiosaurus and the famous Tyrannosaurus Rex. The sets for these impressive specimens use all available technology and reflect the environment in which they evolved millions of years ago. Visitors are fully immersed in the vanished world of the great lizards.

Visitors can enjoy a number of fun activities: take a family picture in the customized photo booth or hiding in a dinosaur egg or do the Dino Dance.

In addition to these activities, the exhibition also presents a new virtual reality experience, specifically created for Time of the Dinosaurs, enabling young adventurers to experience a flight on the back of a dinosaur and observe the ecosystem in which these giants evolved.

SAND SCULPTURE FESTIVALS

REGARDLESS OF SIZE,
SAND SCULPTURES ALWAYS
ATTRACT LARGE NUMBERS OF
PEOPLE OF VARIOUS AGES.
NOT ONLY TOURISTS OF
ALL BACKGROUNDS ARE
IMPRESSED BY SAND
SCULPTURES, ALSO PRESS
LOVES TO COVER ANY
PROJECTS WITH THIS
AMAZING ART FORM.

We have been involved with sand sculpture events since 1998 and every time we see one rise out of the sand, it still amazes not only us, but also the thousands of visitors that stand in awe.

Since 2021 we build and run the Zandsculpturefestival Middelkerke on the Belgian coast. For this first edition we collaborated with the national tv channel VRT - één to honour a true icon of Flemish television: FC De Kampioenen, a series that has been on air since 1990.

Sand sculptures are a great way to attract tourists and create a large impact on the local restaurants and hotels.

**SAND
SCULPTURE
EVENTS ARE
TRULY
MAGIC**

“ The first time I saw a sand sculpture, over 25 years ago, I was blown away. I was lucky to meet the people who turned sand sculpting into an art and then things just happened. Even after producing so many events, I still experience 'the miracle of the sand' every single time. It is the moment you walk onto the beach one day during setup when you literally say: "Oh, wow, that looks great!"

GREAT ART FOR GREAT KIDS

ELEVATING SERIOUS ART TO THE HEIGHTS OF PURE GIGGLE-INDUCING FUN, THIS EXHIBITION OF CLEVERLY REIMAGINED MASTERPIECES IS THE PERFECT WAY TO INTRODUCE GREAT KIDS TO GREAT ART. IT'S FUN, INTERACTIVE AND REALLY ENGAGING FOR KIDS AND PARENTS ALIKE!

FAMILY FUN

Even the greatest works of art will often fail to enthrall young children. But insert a funny, loveable animal into the scene, and it's a whole different story. This delightful exhibition takes artistic license as it reimagines the world's most famous paintings for a young audience.

A teddy bear surfs Hokusai's Great Wave; a charming pig changes Mona Lisa's smile from cryptic to comic; Munch's scream is far less angsty on a panda's face, while Whistler's mother—the elephant—gives new meaning to Arrangement in Grey and Black.

FAMILY FUN

While it covers every major artistic school in art history, from Michelangelo and Velázquez to Kahlo and Rothko, each snort and guffaw offers an opportunity to explore the paintings in ways that will help kids remember them for the rest of their lives.
